To whom it concerns,

Please forward a copy of the attached correspondence to each Senator member of the Senate Committee on the Judiciary.

Dear Senators,

This correspondence relates to the judicial nomination of federal judge Lucy Haeran Koh to the 9th Circuit Court of Appeals; Nomination Number: PN1167-117.

<https://www.congress.gov/nomination/117th-congress/1167>

In 2016 Judge Koh was nominated for the 9th Circuit Court of Appeals. At that time I presented evidence to this committee that demonstrates that Judge Koh should not be promoted to the 9th Circuit. Attached is a copy of that evidence and I once again submit that information to this committee as reasons why Judge Koh should not be confirmed to the 9th Circuit Court of Appeals.

That information along with all of Judge Koh's unethical and illegal acts can be viewed on the website: **www.judgelucykoh.weebly.com**

Additionally, all of the evidence that substantiates the allegations levied herein can be accessed in the court records of the U.S. District Court of Northern District of California:

Case Number: [Case5:09-cv-02655-LHK](#)

Judge Lucy Koh believes that law enforcement officers, the government, can destroy exculpatory evidence and use falsified evidence, falsified video recordings, to incriminate citizens of crimes while concealing the crimes that the government has committed.

If you vote in favor of confirming Judge Koh to the 9th Circuit Court of Appeals you will be telling the American people that you believe that law enforcement officers, the government, can

destroy exculpatory evidence and use falsified evidence, falsified video recordings, to incriminate citizens of crimes while concealing the crimes that the government has committed.

That is not all of the reasons why Judge Koh should not be confirmed, but it is the reason why she committed all of the other violations that demonstrate why Judge Koh should not be promoted.

Senator Booker wants criminal justice/police reform. A first step would be holding people accountable like Judge Lucy Koh. If Senator Booker wants justice/police reform than he should want to vote against confirming Judge Lucy Koh.

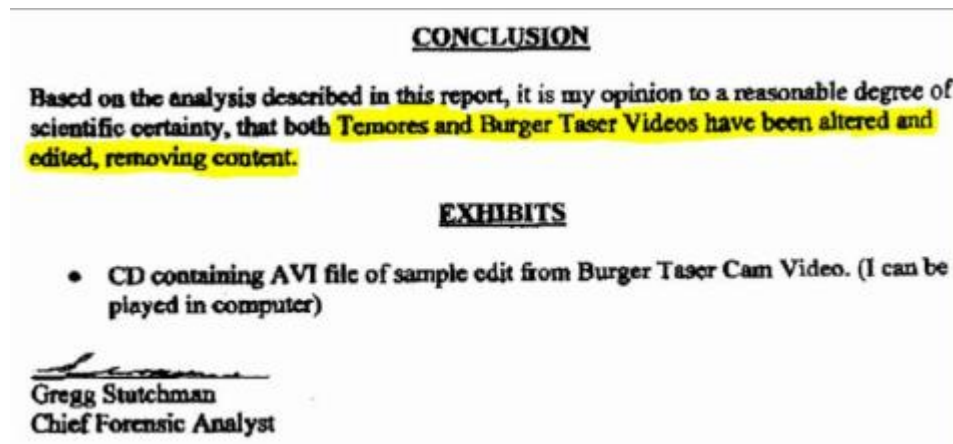

Bipartisan police overhaul talks are officially dead on Capitol Hill.

"We weren't making any more meaningful progress on establishing really substantive reform for Americans' policing," said Senator Cory Booker of New Jersey, Democrats' lead emissary for the talks. Credit...

Cory Booker

Booker to Chair Senate Judiciary Subcommittee on Criminal Justice and Counterterrorism

Will be first Black chair of a Judiciary Subcommittee

FEBRUARY 14, 2021

Washington, DC -- US Senator Cory Booker (D-NJ) will chair the Senate Judiciary Committee's Subcommittee on Criminal Justice and Counterterrorism in the 117th Congress. Booker will be the first Black chair of a Senate Judiciary subcommittee.

"Our nation's broken criminal justice system is a stain on the soul of our country, the result of decades of failed policies that have broken apart families and communities and have not made us safer," Booker said. "The burden of this broken system has been disproportionately and dramatically borne by Black and brown Americans, and the poor. It's past time for change.

"Congress has made progress in starting to turn the tide in recent years, and now is a time of great promise. I look forward to continuing and strengthening my partnership with Chairman Durbin to further advance reforms to our policing and criminal justice system."
